Fire Prevention is

YOUR RESPONSIBILITY!

10 FIRE-PREVENTION TIPS

SMOKE DETECTORS

- Install a smoke detector on each floor, including the basement.
- Choose a photoelectric cell model, which triggers fewer unnecessary alarms.
- Change the detector according to the replacement date that the manufacturer indicates on the case.

EVACUATION PLAN IN CASE OF FIRE

- Locate two possible exits.
- Identify an assembly point located outside and inform all the occupants of the residence.
- Rehearse with all the occupants the steps to be followed during an evacuation in case of fire.

HOW TO EVACUATE YOUR RESIDENCE

- Close the doors behind you to prevent flames and smoke from spreading to other rooms or into other dwellings.
- Dial 911 once you are outside your residence.

SMOKERS' ITEMS

- Do not throw cigarette butts into flowerpots or on mulch.
- Place butts in a metal container.

SOURCES OF HEAT

- Move curtains or furniture at least 10 cm from radiators, electric baseboard heating units or any other heat source.

ELECTRICITY

- Have a master electrician carry out the electrical installation in your residence.
- Use electrical appliances approved in Canada and bearing the CSA and ULC marks.

CARBON MONOXIDE

- Install a carbon monoxide detector if your garage adjoins your residence or if you use non-electric heating or cooking units.
- Follow the manufacturer's instructions to install the carbon monoxide detector.

PREVENT COOKING FIRES

- Constantly monitor food that is cooking and use a timer.
- Never heat oil in any type of cauldron to fry foods. Use a thermostat-controlled deep fryer.

CHIMNEY SWEEPING

- Have an expert inspect and sweep your chimney once a year, before the heating season begins. The same applies to the outlet pipes of pellet fireplaces.

HOT ASHES

- Let hot ashes cool off outside in a metal container with a metal lid.
- Wait at least seven days before transferring them to a trash bin.

Winter reminders

Outside of our opening hours, it is always possible to contact the public works team by calling us at (819) 842-2754 and choosing option 1.

Only available for emergencies concerning the public works (a water main break, a climate emergency, etc.)

For a dead deer, please contact Récupération Maillé at 819 847-4907

Your chimney must be clean for the free passage of combustion gases and... for Santa Claus!

If you haven't already done it, have your chimney swept. Especially if you are heating with wood!

The use of chimney sweep logs does not replace the need to hire the services of a professional chimney sweep every year. The Fire Department recommends that you use a certified chimney sweep from the Association of Heating Professionals

Overnight Parking

A reminder that in keeping with *By-law # 2018-611*, overnight parking is prohibited on all public roads and in the municipal parking lot during the winter season, from November 1 to April 1, between 11 p.m. and 8 a.m. Illegally parked vehicles will be towed away at the owner's expense and be subject to a fine.

We thank you for your cooperation.

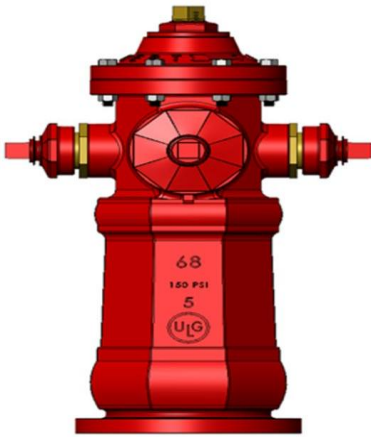

Snow removal

Please note that in accordance with municipal regulation, it is forbidden to dump snow from your property onto the road and sidewalks, into ditches and the lake, or onto any municipal property.

Please do not leave your garbage and recycling bins at the side of the road so as not to hinder snow removal and to avoid damage to your bins.

Clear Access to Fire Hydrants

The Fire Department and Public Works wish to remind you that it is very important that access to fire hydrants (1-metre circumference around the hydrant) always be cleared of snow from your property.

Quick access to the hydrants in the event of an emergency is always essential.

And for a white... and green Christmas

RECYCLE, COMPOST, DISPOSE

[7ABC des bacs - Bien trier, ce n'est pas compliqué](#)

Compost bin

- Soiled paper tablecloths;
- Paper napkins;
- **NON**-laminated paper plates;
- Compostable dishes identified as such

Trash bin

- Garland (metallic or laminated)
- Wrapping paper (metallic or laminated)
- Gift bags (metallic or laminated)
- Christmas lights (recyclable at ecocentres)
- Artificial Christmas tree (recyclable at ecocentres)

Recycling bin

- Tissue paper
- Cork * **New as of January 1st, 2025**
- Plastic tablecloth (cleaned and placed in a plastic bag)
- **NON**-laminated paper gift bags (with ribbon or cord handle removed).

CHRISTMAS TREES

- If you are using a natural tree, it is preferable to choose a freshly-cut tree. The needles are green and do not fall off easily
- Always shut off the lights when you leave your home
- Install the tree at least 1 meter from any heat source
- Never decorate the tree with real candles
- Place the tree in a water recipient that is always kept full
- Slice off the bottom of the tree, even if you bought it pre-cut. The new cut will help the tree absorb humidity

A word from the Mayor

As we come to the close of another year, we reflect with gratitude on the strength, resilience, and unity that has defined our community. It has been a year of growth, of overcoming challenges, and of celebrating the beauty of our village and the people who call it home.

On behalf of myself, members of council, and the administrative staff, we would like to extend our warmest wishes to all of you this holiday season. May your holidays be filled with peace, joy, and time well spent with family and friends.

We are grateful for your continued dedication to making North Hatley a wonderful place to live, work, and raise families. As we look forward to the new year, we are excited about the opportunities that await us and the collective efforts we will continue to make in building a stronger, more vibrant community.

Here's to a bright and hopeful 2025—one filled with good health, prosperity, and much happiness for you and your loved ones.

Happy Holidays and a Happy New Year!

Marcella Davis-Gerrish,
